# Using Product Templates - Illustrator

1. Open the appropriate template that matches your order.

2. There will be 3 layers, the top layer  and bottom layer named "TEMPLATE-DON    "T ERASE  " should be left alone.

3. Only design on the layer named "ART     - WORK HERE   ". Any additional layers should be under the "TEMPLATE-DON      "T ERASE  " layer.

4. Save the file as a PDF

5. Submit the artwork through your order status for that order.
